Rural Small Business Loans Available from Finance Fund

Finance Fund offers a new lending program for small businesses in Appalachian Ohio. As part of Finance Fund's rural initiative, this program enhances our mix of other available funding programs. These include grants, low-interest loans and credit enhancement products. General guidelines for using our rural small business loans include:

- Offered to small businesses and community facilities for start up or expansion
- May be used to purchase real estate, machinery and equipment, furniture and fixtures, working capital (if linked to accounts receivable), and/or executed contracts or refinancing (if part of an expansion package)
- Flexible terms
- Low-interest loans
- Special emphasis on the following counties: Athens, Belmont, Guernsey, Harrison, Jefferson, Meigs, Monroe, Morgan, Vinton

Who we are
Finance Fund is a statewide nonprofit financial intermediary working to enable progress and inspire change within Ohio's low-income communities. By building bridges to economic development and community revitalization, we aim to create opportunities that make a better quality of life possible.

What we do
Working primarily within low-income rural and urban communities, we connect local community development organizations and small businesses with needed funding in the form of grants, loans and nontraditional financial products.

Mission
Finance Fund builds bridges between resources and the low-income community to improve the quality of life for people.
