Family Chiropractic and Wellness Center Expands Practice and Service Offerings

Family, heart and health are central to Dr. Jamie L. Berringer, founder of Dublin Family Chiropractic and Wellness Center. This woman-owned small business provides wellness services to support healthy families and communities.

When it came time to expand the practice, Dublin Family Chiropractic turned to Finance Fund Capital Corporation (FCAP), an affiliate for Finance Fund, for a \$92,900 SBA Community Advantage guaranteed loan. Financing through FCAP's Small Business Loan Fund provided working capital and enabled the purchase of equipment and leasehold improvements.

With the additional space and new equipment, Dr. Berringer provides eight additional services to her clients including physiotherapy, spinal decompression, and weight loss counseling. This diversification of services not only provides additional streams of revenue for Dublin Family Chiropractic but also creates a significant opportunity to engage multiple contracted employees who specialize in various wellness services but are unable to start practices of their own.

"Applying the SBA Community Advantage guarantee to this project enabled FCAP to provide critically needed investment to a woman-owned small business that had not been eligible for a traditional bank loan," said Finance Fund President and CEO James R. Klein. "Investments like these keep people employed and keep small businesses growing."

As a result of FCAP's investment, the facility will hire one full-time and one part-time employee, and retain two full-time and two part-time employees.

FINANCE FUND CAPITAL CORPORATION INVESTMENT IMPACT:

- \$92,900 SBA Community Advantage guaranteed loan through FCAP's Small Business Loan Fund
- Practice expansion creates one full-time and one part-time position and retains two full-time and two part-time positions
